More definitely

HiBallast Acid Cleaning kit for Electrolyzer(Hi-ACE) is a movable cleaning equipment specially designed for HiBallast electrolyzer, used for all HiBallast Models.

Hi-ACE Provides :

- Much easier cleaning work than manual cleaning
- Minimized acid consumption with recovery concept
- ONE Standard size regardless of HiBallast Model

With *HiBallast*

Hi-ACE has proven efficacy of cleaning:

- ✓ Mobile type: easy to move and store
- ✓ Compact size and quick installation
- ✓ Safer cleaning work
- ✓ No need to recharge chemicals during cleaning
- ✓ Recovery function reducing volume of acid consumption
- ✓ Portable pH sensor included

Hi-ACE removes SCALE deposited in the electrolyzer effectively and can maintain the electrolyzer condition as good.
